- Audio controls included
 - Treble, Mid, Bass & Subwoofer
- XM SAT radio ready (if factory equipped)
- "Instant-On" back-up camera interface
- On-screen programmable source buttons
- 5 channel RCA output & AV input
- Personalization options
 - Audio & equalizer presets
- Factory match LED backlights
- Rear USB & front Micro SD port
- Dual-zone controller for AV7900 displays

INTEGRATED FEATURES

Navigation

iGo Primo 2.0 3D turn-by turn navigation and mapping with 11 million Points-of-Interest, 5 languages and more . . . On-line updates via USB

iPod

The built in front and rear USB 2.0 ports allow use of your 30-pin to USB or Lightning to USB for iPhone® and iPod® connection with album art and multiple search options.

Android

The USB ports make playing music and videos off of your Android smart phone as easy as connecting a USB cable

Satellite Radio

Factory XM tuner (if equipped) is controlled via the on-screen interface.

DVD

The system supports DVD playback and when combined with Rosen's AV7900 headrest system, it can send videos from the front to the rear seats while the front enjoys other options

Reverse Camera

The system has the ability to connect an instant-on reverse camera, which makes backing up at night safer than ever

AM-FM Tuner

The AM-FM radio utilizes RDS to display channel, artist and song information. 18 FM and 12 AM presets are included

RETAINED FEATURES

- Bose™ and Bose™ Centerpoint Audio
- ONStar®
- Steering wheel controls
- XM SAT Radio
- Bluetooth
- Door chimes
- Audible turn signals
- Rear seat video (single & dual screen)
- Rear seat audio controls
- Retained accessory power

WHAT'S NEW

Bluetooth®
Powered by
Parrot
more wireless

The system has built-in Bluetooth with added features including internal and external mic options. Rosen Bluetooth provides voice command features compatible with most current smart phones, along with downloadable phone book and Bluetooth audio streaming (A2DP) can be used in place of the factory installed Bluetooth.

USB and A/V Inputs

The rear USB input supports iPod® with charging and other compatible devices. Front mounted AUX A/V input provides source connectivity and the micro SD port supports up to a 16GB micro SD card.

REAR SEAT ENTERTAINMENT
